

Information Sessions on Parish Facilities  
 October 28 and November 2, 2008  
 Tabulated rating of preferred facilities projects

Option 1: Fully accommodate an expanded parish program by means of a new Parish center, narthex, and some work on the Church at a cost of at least \$6.25 Million<sup>1</sup>.

Option 2: Partially accommodate an expanded parish program by means of a renovated/new Parish Center, possible narthex, and some work on the Church at a lower cost than option #1.

Option 3: Do not renovate/expand current facilities or build new ones, but provide essential roof repairs and new HVAC to existing Parish Center and Church at a cost of approximately \$1.5 Million.

	Highly preferred	Acceptable	Least desirable
Option 1	11	8	8
Option 2	7	15	4
Option 3	3	5	19

Notes: Thirty two parishioners responded to the survey.

<sup>1</sup> 6.25 mistakenly reported at the information session; should have been 6.7.
